

12 September 1980

MEMORANDUM FOR: Director of Personnel Policy, Planning,
and Management

FROM:
SIS Support Staff

SUBJECT: Rank Stipend and Performance Award Allocations

1. The attached is a modified version of the previously submitted proposed allocations and is based solely on Report No. R412570A dated 1 August 1980 (attached). This report reflects CIA on-duty strength as of 31 July 1980 and was used to calculate component allocations.

2. I believe it is imperative that we achieve a common data base, be it R412570A or some other report, with the components receiving allocations. This has the advantage of placing the allocation methodology "in the sunshine," and permits appeals and resolution prior to final, formal notification of allocation.
